## Capture the moment

In Ms. Ingraham's Art 1 classes, it isn't about making a perfect drawing. It's about making connections and gaining a better understanding of Art in our lives. In the top left picture, Aneah and Tristen work together to learn watercolor techniques. The bottom left picture shows India trying to push Blake off a stool. This activity was a fun and exciting way to teach students how to play with the rules of visual space. Students create exciting, playful images by working together to problem-solve and plan. This lesson is great for team building and collaboration. In this picture, Savannah and her group created a geometric mural to create an illusion by manipulating the space.

The boys soccer team finished their season with a 9-5 record and qualified for the playoffs ranked 6th. The team worked hard all year building momentum for their first playoff appearance in over a decade. The team was led by 1st team all-stars Avery Griffin and Kellen True, 2nd team all-star Willis Steven, and MVC coach of the year John Eliot. "What an incredible season! I loved spending time with this group of guys on the soccer field. I will miss all 8 of the graduating seniors. For the past four years we have spent our fall season together and I have watched you all grow as athletes. I wish you all the best in your future adventures. To those returning next season remember that our goal is to improve and the only way we will get there is TOGETHER! (Coach Eliot)

## The King and Queen of Homecoming and Student Council

Student Council is by far our favorite group at Telstar. The school's favorite events and activities such as Homecoming, Hour of Code, Penny Wars, and Winter Carnival are all hosted by Student Council. We have donated money to families in need from our own school and have helped raise awareness for cause like Day of Silence, Use Another Word, Denim Day, and End Addiction Now.

These reasons are why Student Council has become such a big part of our lives, the officers' lives and members; we can make a difference and we all see it happen. From raising the spirit and morale of our school's community, actions such as buying new T.V's to showcase our events, and having a member dress as Santa Claus, handing out candy.

The thing that makes StuCo so unique is that it really is a Student Council. The students are in control and we have the ability to change, create, and improve things that go on around us. There aren't many large groups of students where so much trust and respect are given to students or, we hate to say it, kids.

What it takes to be an excelling council is dedication and desire to see something better. For years our tradition was a giant bonfire in the middle of town where our school would gather to celebrate our students and athletes. After losing the ability to do that, we created something better. Although there was no giant flames centering our event, Student Council made our first annual Homecoming on the Common a welcoming and fun night for our students and community members.

My hopes for Student Council for the years to come is to never lose that drive that keeps the group so alive. With 52 members this year and 31 returning next year, we have high expectations that they will flourish and really bring out the potential in our school, community, and students. Thank you for a great four years, Telstar.

Best regards, Co-Presidents: Avry Griffin and Souix-Ann Tuttle.

# VICTORY, IS OURS...

Looking back on the school spirit challenge, I remember always saying, "This is cool". I never thought we were going to win, but I like how we're doing something new, and charitable... As the snow days drew on and on, I thought okay, maybe we'll donate a good amount, not a lot, but good, not compared to the other schools at least. I went to Suds for money, asked around, other kids did too, I just thought it was a good thing to do and I tried to help. So when Ms. I said she needed kids to go down to the studio, I thought it would be kinda cool to go down, miss some school and get to see the studio. It worked out well, I made myself pull an all nighter and stumbled to the van that drove us to the studio. The whole time I was thinking "I wonder how much more food the other schools scraped up?" When Ms. I told us that Fryeburg was in third place with a total smaller than ours I thought "holy crap! we did it?!" I remember all of us being totally shocked and nervous for who got second, and when Cheverus got second place it took all I could do not to scream. I had my mouth open and ready, but we were on live tv so that wouldn't have ended well, haha. I remember thinking that Telstar is an amazing place, that over the past five years this place has amazed me so much, that such a small school could be so powerful. Winning the food drive was... a very proud moment for me and my school, and I know that I'll always describe Telstar as a school that fights well above its weight class! - **Micheal LaForte**

1/27 Total: 22,105 lbs. (plus food)

2/3 Total: 25,444.25 lbs. (plus food)

2/10 Total: 28,174.25 lbs. (plus food)

## St. Patrick's Day

### It's not all about wearing Green

When you think of St. Patrick's Day, you picture leprechauns, four leaf clovers, and the color green. But not everyone wears green on St. Patrick's Day; some people choose to wear the color orange instead, and the Irish flag offers a clue to that reason.

St. Patrick's Day is a Roman Catholic holiday. As the name implies, the holiday celebrates St. Patrick, the patron saint of Ireland. The color associated with the holiday was actually blue until the Irish Rebellion in 1798. The Irish chose to wear green and they sang the song 'The Wearing of the Green' during the rebellion. The change from blue to green also better reflected the country's nickname of being the Emerald Isle, as well as the clover that St. Patrick used in his teachings about Catholicism.

However, not everyone in Ireland is Roman Catholic, and the Irish flag highlights the differences. While Catholics were associated with the color green, Protestants were associated with the color orange due to William of Orange - the Protestant king of England, Scotland and Ireland who in 1690 defeated the deposed Roman Catholic King James II. Therefore, on St. Patrick's Day, Protestants protest by wearing orange instead of green.

We started off our 2016-2017 NHS year with a school supply drive for schools and children suffering from flooding in Louisiana. This disaster left them short on school supplies. Our next and most vital event to the club is the induction of new members to grow and improve our chapter. Without these new members, we would never be able to involve our chapter in annual events such as our Senior Citizen Thanksgiving Dinner, and Coats for Kids Drive. The Cookie and Carnation Fundraiser helps us raise money for this year's National Honor Society's state service project. We attend the National Honor Society State Convention in which we hear from various speakers, attend informative seminars, participate in a state service project, and have an overall great time. We end the year by hosting an Red Cross Blood Drive to help those in need. We really enjoy helping others and giving back to our community. **President Luke Davis**

No school tomorrow....

# Dear June,

letters to the first month of summer

Dear June,

You are warm, fun, active & relaxing.  
You mean lots of fun, warmth and the start of something new.  
I will spend your days with some friends like Elijah and Alec. Maybe Souix, Paige, Sierra, Cassidy, Savannah and Dharma.  
I will do a lot of hiking, swimming, and just hanging outside.  
I look forward to hiking Tumbledown, swimming at Frenchmen's, going to OOB and Portland.  
I wish to travel somewhere outside of New England.  
In July, you will find me doing the same stuff from June, haha!

# Favorite Telstar MEMORIES

Winter Carnival and lunch with my friends.

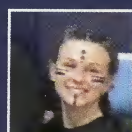

Running XC with my awesome team and the best coach.

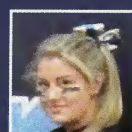

When Mr. Sadler won at Cards Against Humanity

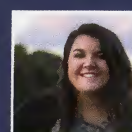

When Luke Davis threw a flipflop and hit me in the face.

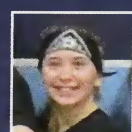

My friends and the laughs we shared.

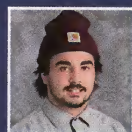

Every Single Winter Carnival.

Hanging out with Ms. I and Luke Mason during lunch everyday.

Anything to do with Mr. Lunney.

Going across the street and ripping cookies w/ pugs and Telstar Admin. calling the cops on us.

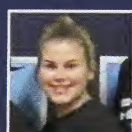

Spending time with Regan and my other friends during library aide, talking and laughing.

When Luke D. hip checked me across the hall in middle school.

Rolling down the hill in Middle School.

Winter Carnival and the sports that came with it.

Taking my first Morton Pop and failing it.

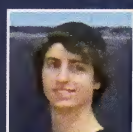

Playing Field Hockey, spending time with Mr. Morton, going to Darthouth with Mrs. Ojeda and Ms. I., time in the library, NHS conference, Winter Carnival, prom comm.

Getting to know teachers and students, participating in athletics and getting ready for life!

When our math teacher got hit by a truck.

When I made cupcakes in 7th grade, dropped them on the floor, and everyone still ate them.

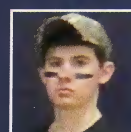

When Susan Owens Left.

When Joe Dillion sat through a whole economics class thinking it was "Reel to Real."

Soccer, when I had study halls with Mrs. Myers.

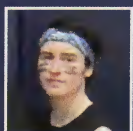

Study hall with Noah Rose, Winter Carnival, Rebecca Morin Falling down the stairs.

When Hunter fainted in Daves class and knocked himself out.

Math class with Mr. Sadler and launching rockets with Mrs. Southam.

Mrs. Myers being a study hall teacher and telling us her eyebrows were tattoos.

Blocking the game winning field goal kick during our homecoming football game.

Ceramics class freshmen year with Zach Stone, Avry Griffin, and Brando.

My favorite memory is Mrs. Southam in class making chemistry jokes. Not all of them were funny, but she always made herself crack up.

Satellite: ping pong, trivia, and lunch in Ms. I's room. Hanging out with the guys after practice, saving a jug of orange juice over the summer in Ms. I's room until it exploded, Mr. Lunney stories, Mrs. Bennett hugs, smart-ass remarks from Mr. Leclerc, Peggy calling me Keanan, Mr. O'Connor asking me if I wanted to 'wrestle', Ms. Fraser always welcoming me into the library, winning 2016 talent show with Elijah, being Billy in Anything Goes, & the final day of school every year.

Sierra,

The day you were born we were blessed with the greatest gift we could ever receive. The past 17 years we have had the privilege of watching you grow into the beautiful, independent, intelligent young lady you are today. You have already accomplished so much in your young life and we can't wait to see what the future holds for you. We know that you will find success in anything you do. We love you so much and couldn't be more proud to call you our daughter!

Love always & forever,  
Mom and Tony

Sierra,

I must say that I am not only a proud of you, but honored that you are a part of my life. Not only because you are graduating high school, but from the moment that you were brought home from the hospital you helped form me into the person I am today, by giving me a sense of protectiveness and purpose as your uncle. I believe that is true to any of those who are lucky enough for you to be part of their lives, that you bring out the absolute best in people. I believe you can accomplish whatever you put your heart and mind to. I am very, very happy and proud to call you my niece!

Love always, Uncle Dawson

Sierra,

From a Peanut to a majestic Redwood! You make me so PROUD!

Love, Grampa Ron

Sierra,

Wynter Moon,  
I remember the day you graduated  
pre-school like it was yesterday.  
You were fierce, adorable, fun,  
smart, friendly, and caring....  
Today you are all of those things  
and more! We are so proud of the  
person you are and excited for the  
future you have ahead. Enjoy  
these moments and keep being the  
amazing person you are. And as  
you go through this life, take a  
little advice from Cinderella: "Have  
courage and be kind."  
Congratulations honey.

**We are Telstar yearbook. We are the eyes and the ears of the school. The reporters and the receivers of information around the school. We blast top hits of 2010 while working on yearbook and dance to throwback Miley Cyrus. We annoy Ms. I in the best way. Deadlines, blue lines, transparency and tint. We put this yearbook together with our Telstar spirit.**
